THIS IS UNEVALUATED INFORMATION

1. Yugoslav authorities recently arrested twenty members of the youth organization, "National Movement", in a locality of Macva. The organization dealt in the collection of weapons and had many automatic and non-automatic weapons on hand. It gathered about it young men who were dissatisfied with the present regime, and its membership extended into other localities of Macva. Several of the arrested members were successful in escaping from prison and are now hiding in the woods.
2. Production in a fruit preserve factory, "Macva", in Sabac, is seasonal. Much of the factory machinery is old but, when in production, 600 workers are employed. Sabotage allegedly was instigated by the technical manager, Subotic, who was arrested by the UDB and is still in prison. He employed formic acid in the place of sulphuric acid for sour cherry (visnje) preserves, causing an explosion in four casks and a waste of 12,000 kilograms.
